

International Immuno-Oncology Summer School

Warsaw, 27th-28th June 2016

Young scientists (students, PhD students and doctors) are invited to join the International Immuno-Oncology Summer School.

The aim of the event is to strengthen cooperation between the best European research centres, which professionally combine scientific expertise and innovative approach towards immuno-oncology.

Presentations will be delivered by world-renowned speakers:

Andreas Hadjinicolaou, MD, PhD

Karl-Johan Malmberg MD, PhD

Yupo Ma, MD, PhD

Jakub Golab, MD, PhD

Marcin Okroj, PhD

Dimitar Efremov MD, PhD

Dinis Calado, PhD

International Immuno-Oncology Summer School is an excellent opportunity for scientists from all over Europe to broaden their knowledge and to present results of their research. Accommodation costs for 20 best candidates will be covered by the organizers.
